WASH PLUS WAX

CONCENTRATED WASH-N'-WAX

Description:

WASH PLUS WAX is the ultimate in modern car wash and wax products. The special blend of high quality surfactants and waxes produce a rich and sudsy solution that emulsifies dirt, soil and road film instantly. It removes these stubborn deposits while not harming the existing polishes or waxes! The special polish in this product will leave your vehicle with a clean and shining surface. It rinses quickly and is guaranteed not to leave streaks or films. Regular use will reduce the need for waxing.

Dilution Rates:

WASH PLUS WAX is highly concentrated. For normal soils use 1/4 to 1/2 oz. per gallon of water. It works well in either cold or hot water and is not adversely affected by hard water. If more suds or wax is desired then simply add more WASH PLUS WAX to the water. Apply with a wash mitt or use a clean sponge.

IMPORTANT: Never wash a car in the hot sun. If car surface is hot then cool prior to washing with cool water.

Specification Data

Color:	Yellow
Odor:	Lemon
Specific Gravity @ 75F:	1.02
Density:	8.5 lbs/gal
pH:	7.0 - 8.5
Viscosity:	> 100 cps
Stability:	1 Year Min
Flash Point:	N/A
