

ALL TEMP DETERGENT™

WENCO® ALL TEMP™ is an easy to use general-purpose alkaline detergent designed for use with automatic feed systems in both low temp and high temp dish machines. This product also works effectively in hard and soft water. ALL TEMP™ cuts through grease and soil and leaves plates and glasses sparkling clean. This product is safe on glassware, china, and stainless. **Not recommended for use on aluminum.** ALL TEMP™ will not corrode the washer.

DIRECTIONS FOR USE

Contact your Walter E. Nelson sales representative for proper machine setup, dilution and use instructions.

ALL TEMP™ is especially formulated for use with automatic dishwashers. This product will work equally well in both low temp and high temp systems. For best results the injection system should be set to deliver 0.3% -0.5% by weight or approximately 1/3 oz. per gallon in the cycle. ALL TEMP™ is compounded to remove heavy soil. Maintain a wash tank concentration of 0.40% by weight. For harder water (over 12 grains) the concentration should be increased.

TECHNICAL PROPERTIES

Form.....	Liquid
Color.....	Red
pH.....	12.5
Specific Gravity @ 75°F.....	1.31
Density @ 75°F.....	10.9 lbs Per Gallon
Viscosity @ 75°F.....	Thin
Alkalinity (Total & Active).....	19% Na ₂ O
Phosphates.....	2.3% P

AVAILABLE SIZES
