

ENCAP RINSE™

Carpet Extraction Rinse

Wenco Encap Rinse is the newest technology in carpet rinse care. A neutralizer that stabilizes color with encapsulating polymer technology that reduces rapid soiling; another great carpet care solution from the Wenco Brand Cleaning Systems.

Encap Rinse is super concentrated for the budget and has anti-corrosion agents for the equipment. The technology prevents browning and yellowing of carpets and creates a softer feel of the fiber. Neutralizes ice melt residue tracked on carpeting during those seasonal cold months.

- Stabilizes Fabric Colors
- Neutralizes alkaline residue
- Prevents browning or yellowing
- Super Concentrated
- Anti-corrosion protection
- Fibers feel softer
- Carpets remain cleaner longer

DIRECTIONS FOR USE

Test properly mixed product on the carpet in an inconspicuous area for color fastness compatibility.

1. Pump up sprayer Method: Dilute ½ oz. to 1 oz. Encap Rinse per gallon of water and spray on carpet but not over wetting. Extract with hot or cold water.
2. Portable Extraction: Dilute ½ oz. Encap Rinse per gallon of hot water.
3. Truckmount Extraction: Pour 1 quart Encap Rinse into 5 gallons of water in solution container and dispense at 2-3 GPH rate.
4. Browning Treatment: Dilute 10 oz. per gallon of water and spray onto area. Let set 3-5 minutes, then extract.

ITEM# **FCENG**

ENCAP RINSE™
Carpet Extraction Rinse

TECHNICAL PROPERTIES

Form.....	Liquid
Color.....	Straw
Fragrance.....	Fresh
pH Concentrate.....	3.0-4.0
Specific Gravity @ 75°F.....	1.025
Stability.....	1 Year Minimum

AVAILABLE SIZES

- ✓ **4x1 Gallon Case**
Bottles Contain 25% PCR
Carton Contains 55% PCF
- ✓ **55 Gallon Drum**
Reconditioned, Reused

1	HEALTH
0	FLAMMABILITY
0	REACTIVITY
A	PERSONAL PROTECTION
