

FOAM SAFE CL™

Foaming Chlorinated Aluminum Safe Cleaner

ITEM# FCFOAM

FOAM SAFE CL™
 Foaming Chlorinated Aluminum Safe Cleaner

WENCO® FOAM SAFE CL™ is a liquid foaming chlorinated alkaline cleaner for the removal of grease, oil & protein soils in the food processing industry. This product is a chlorinated alkaline cleaner built with high-foaming surfactants. When used in foam generating equipment, it will produce a copious amount of dense, stable foam which clings to equipment, walls and surfaces. Alkaline detergent builders loosen and break up soil particles. The available chlorine helps in the removal of protein food soils.

DIRECTIONS FOR USE

Wear appropriate Safety Equipment

CLEANING OF EQUIPMENT, WALLS AND SURFACES

1. Pre-rinse equipment, walls and surfaces with warm water to remove as much gross soil as possible.
2. Prepare cleaning solution by adding 6-12oz. of FOAM SAFE CL™ per gallon of 130-140°F water.
3. Using foam generator apply foam solution to surfaces. Allow solution to remain in contact with surfaces for 10 minutes.
4. Follow with potable water rinse.

MANUAL CLEANING

1. Dilute 3 - 6oz. of FOAM SAFE CL™ per gallon of water.
2. Follow with a potable water rinse.

TECHNICAL PROPERTIES

Form.....	Liquid
Color.....	Straw
Fragrance.....	None
pH.....	11.5 - 12.5
Specific Gravity @ 75°F.....	1.053
Density @ 75°F.....	8.76 lbs Per Gallon
Viscosity @ 75°F.....	Thin
Stability.....	1 Year Minimum
Solvents.....	None

AVAILABLE SIZES

- ✓ **5 Gallon Pail**
100% Recyclable
- ✓ **30 Gallon Drum**
Reconditioned, Reused
- ✓ **55 Gallon Drum**
Reconditioned, Reused
