

HARMONY™

Specialized Liquid Laundry

HARMONY™
 Specialized Liquid Laundry

WENCO® HARMONY™ liquid laundry detergent is safe on all types of washable fabrics in all water temperatures and hardness conditions. Its quick-dispersing action emulsifies and gently lifts and holds soils from re-depositing back onto clean clothes. The easy flow consistency makes it ideal for dispensing through automatic feed systems in commercial applications. It rinses out completely while leaving a fresh clean scent behind. HARMONY™ liquid laundry detergent is recommended for use in commercial and standard home style top loading and front loading washing machines. Works extremely well in Ozone Laundry Systems.

APPLICATIONS: Health Care, Athletics, Sports Facilities, Day Care Centers, Schools, Universities, and Industrial Laundries.

DIRECTIONS FOR USE

WEAR GLOVES & EYE PROTECTION

Contact your **Walter E. Nelson** sales representative for proper machine setup, dilution and use instructions.

1. Sort laundry accordingly.

Product usage / Starting Dilutions *	
High Efficiency machines:	Add 2oz. per load
Top loading machines:	Add 4oz. per load
Commercial Machines:	Add 4-8oz. per 50-75 lbs
*Amount of HARMONY™ liquid laundry detergent needed depends on soil load and machine capacity. Consult your chemical representative for more information.
