

# NUTRA CARE FOUR™

## Neutral Cleaner

WENCO® NUTRA CARE FOUR™ does not contain any harsh chemicals that can damage high gloss floor finishes or surfaces. Because it has a neutral pH, it saves you time and money by not having to go back and rinse. Not only designed for damp mopping floors, it also can be used as a mild general purpose cleaner. It's safe to use on all washable surfaces and is completely effective in hard / soft water. Fresh lingering fragrance makes it a pleasure to use.

### DIRECTIONS FOR USE

#### DAMP MOPPING FLOORS

Dust mop entire floor area to be cleaned. Use a clean mop and bucket with a dilution ratio of 1:128 – 1:64 (1oz. – 2 oz. per gallon of water).

Change mop water frequently as it becomes visibly dirty. Damp mopping with dirty water can cause floors to become dull.
