

SAFE BRITE™

Safe Acid Step 1 Vehicle Cleaner

WENCO® SAFE BRITE™ is the next generation in safe acid replacement. Primarily designed to replace Hydrofluoric acid (HF) which has been used in brightening aluminum and stainless surfaces on vehicles for years. This formulation safely and effectively removes oxidation, rust and iron salts from metal surfaces without damage. The biggest advantage that this product offers is **SAFETY**: Eliminates the need to file a risk management plan as required when using HF or ABF. Significantly safer for the workers who are using it. Safe on vehicle surfaces and equipment.

Uses & Applications:

- Vehicle acid pre-soak
- Wheel / Rim cleaner - brake and wheel dust from vehicle surfaces
- Will not frost glass; windows / windshields
- Water spotting; chrome and stainless steel surfaces

DIRECTIONS FOR USE

WEAR APPROPRIATE PERSONAL PROTECTION EQUIPMENT (PPE) WHEN USING. READ & UNDERSTAND PRODUCT LABEL AND SDS (SAFETY DATA SHEET) BEFORE USING THIS PRODUCT. **CONTACT YOUR LOCAL WALTER E. NELSON SALES REP FOR FURTHER USE INFORMATION.**

Step 1 - Acid pre-soak for Trucks / Box Trailers & Tankers

- Use care when washing vehicles in direct sunlight or applying through pressure washers on windy days.
- *Depending upon soil or oxidation, set pressure washing mixing barb to achieve the following end-use dilutions:

Light soil / oxidation – Dilute 1:80 (.625 / .75) - 1/2oz. to 3/4 oz. per gallon

Moderate soil / oxidation – Dilute 1:60 (2oz per gallon of water)

- Apply diluted product onto the vehicle surface starting at the bottom and spraying up. Cover area completely. Apply to surface areas in sections that you can control without drying.
- Allow sufficient contact time. **DO NOT ALLOW PRODUCT TO DRY ON SURFACES.**

Step 2 - Neutralize all treated surfaces using **WENCO LIGHTNING STRIKE** or other alkaline detergent according to directions.

*Experimentation with various dilutions may be required to achieve desired results.

TECHNICAL PROPERTIES

| | |
|----------------------------|----------------|
| Form..... | Liquid |
| Appearance..... | Clear |
| Color..... | Colorless |
| pH..... | <2 |
| Specific Gravity@75°F..... | 1.06 |
| Flash Point..... | None |
| Density @ 75°F..... | 8.83 |
| Viscosity@75°F..... | Water Thin |
| Stability..... | 1 Year Minimum |

AVAILABLE SIZES
