Test small area on colored or fine fabrics before use

Easiest and fastest way to apply SPARKY™ is with a trigger sprayer.

**LAUNDRY DRYERS:** Spray a fine mist of SPARKY™ around dryer opening or spray onto rag and wipe opening before removing dry clothing.

**CLOTHING:** Simply spray a fine mist of SPARKY™ directly on clothing to instantly eliminate static cling.

**CARPET STATIC:** Hold sprayer at waist height and spray as you walk away from the mist, allowing the mist to settle on carpet to instantly eliminate those annoying shocks.
